

# NSF CC\* and CICI Programs 2016 PI Workshop

October 18-20, 2016

Philadelphia, Pennsylvania

## Overview of Workshop

- NSF Award #1644335
  - PI - Wendy Huntoon, President and CEO, KINBER
  - Co-PI – Jen Leasure, President and CEO, The Quilt
- Builds on Success of 2014 and 2015 PI Workshops
- 2016 Workshop Goals and Outcomes

## Workshop Goals

- Develop strong ties between campus cyberinfrastructure, science driven applications and regional and national cyberinfrastructure resources.
- Promote dialogue in the community across a range of important and timely topics within the context of campus cyberinfrastructure.
- Discuss how to systematically evaluate and assess the impact of the investments in cyberinfrastructure, particularly at the campus level.

## What's Different This Year

- No tracks – everyone in the same room.
- Continued focus on science, particularly in the co-located sessions starting on Wednesday afternoon.
- Whiteboard exercise – collecting challenges, new ideas and opportunities for collaboration
- Online Agenda – with presentations
