Albuquerque, NM

Introductions

- Moderator: Wendy Huntoon, KINBER
- David Schmidt, Assistant Professor (Infomatics), Fort Hays State University
- Fredrick Kass, Associate CIO, Trinity College
- Param Bedi, CIO, Bucknell University

Panel Discussion Questions

- 1) How has your project changed the relationship between IT and research within the campus?
- 2) What are the major challenges you have encountered as part of your project (either implementing the project or putting together the proposal) ?
- 3) What relationships have you developed outside your campus that would not have been possible without this project?
