

NSF Campus Cyberinfrastructure PI and
Cybersecurity Innovation for Cyberinfrastructure PI Workshop
October 3-4 | Albuquerque, New Mexico

NSF Program (either CC or CICI): CNS

Program Area: SaTC

Award Number: 1650445

PI: Florence Hudson, Internet2

co-PIs: Emily Nichols, Internet2

Project Title: EAGER: Cybersecurity Transition To Practice (TTP) Acceleration

NSF Campus Cyberinfrastructure PI and Cybersecurity Innovation for Cyberinfrastructure PI Workshop

October 3-4, 2017 | Albuquerque, NM

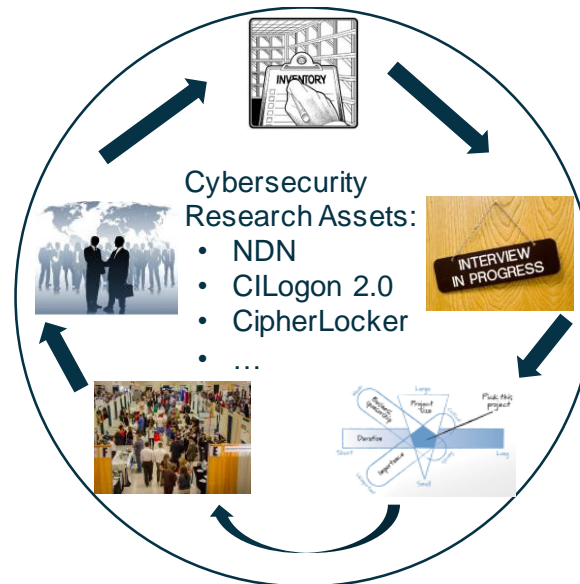

Quad Chart for: Cybersecurity Transition To Practice (TTP) Acceleration

Challenge:

Accelerate Transition To Practice (TTP) of NSF and other agency funded later-stage cybersecurity research into Research & Education environments

Solution:

- Identify NSF cybersecurity research **inventory for TTP**
- **Interview** researchers & practitioners (CIOs, CISOs, IT/NW security) for TTP needs and best practices
- **Leverage Internet2 community** to enable “matchmaking”
- Deploy webinars and in-person **events for researcher- to-IT matchmaking at Internet2 events and R&E regional workshops**
- Identify cybersecurity **needs/gaps**

Scientific Impact:

- Increase practitioner awareness of cybersecurity research & capabilities
- Accelerate cybersecurity TTP in the near- to mid-term to make cyberspace safer
- Identify cybersecurity needs to inform future research

Metadata tags:

- Project website: <http://bit.ly/2iza2e0>
- Showcase your research with practitioners to accelerate TTP
- Join webinars, workshops and showcases for cybersecurity TTP
- @Internet2, @FlolInternet2
- #cybersecurity, #research, #TTP, #researchers
