2018 NSF Campus Cyberinfrastructure and Cybersecurity Innovation for Cyberinfrastructure PI Workshop

September 24 – 26, 2018; University of Maryland, College Park, MD

Quad Chart for:

Women in IT Networking at SC (WINS)

Challenge:

- Scaling - how many women can SCinet support - new and returning (18 total to date)
- How many women can the WINS Management team support, e.g. travel, logistics, report-outs
- Funding: report outs, international participants, alternative funding (non-NSF), workforce grants, SC, scholarships
- Sustainability of the program
- “Fairness” to other staff gender and diversity

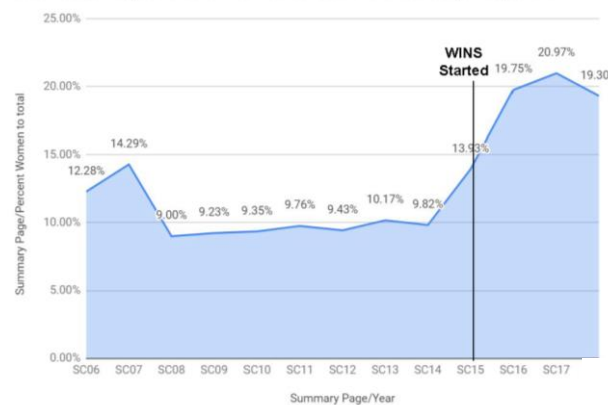

Broader Impact:

- Professional development
- Build professional network
- Raise awareness throughout broad community
- Create a more diverse pipeline for SCinet volunteers while raising overall visibility of the SC volunteer opportunity
- Regional diversity programs starting
- WINS awardees now leaders in SCinet and other community efforts
- Measurable increase in women in SCinet

Deliverables:

- Have funded 24 women to participate in SCinet as first time WINS awardees
- Have partially funded 21 returning WINS
- Have provided 22 reports outs to diverse communities (3 scheduled)
- Have successfully partnered with Internet2 Inclusivity Initiative and SC diversity efforts

Summary Page/Percent Women to total vs. Summary Page/Year
